/ ABOUT HATCH

OUR BEGINNINGS IN THE UAE

Hatch established its name in the UAE during a time of significant development from 2005 to 2008, a period marked by the opening of Dubai's major shopping malls - Mall of The Emirates in 2005 and Dubai Mall in 2008. From the beginning, Hatch positioned itself as a leading fit-out contractor within these renowned shopping malls.

During these formative years, Hatch forged a close relationship with EMAAR. As a result of this strong partnership, EMAAR projects made up more than 50% of Hatch's work at the time, particularly in Dubai Mall and the Downtown area.

Starting alongside major developers like EMAAR, Majid Al Futtaim (MAF), Nakheel and Meraas, Hatch quickly became a trusted name in the industry.
